Welcome Back SBCUSD Family!

The Human Resources Division hopes that you are excited about the new year and all the wonderful new challenges that it brings. We wish you a year full of great results and accomplishments.

As we begin the new year, we would like to remind you about AB 1432, the Mandated Reporter Training for ALL District Employees. We will utilize the California Department of Education, Mandated Reporting Online Training platform to make it user-friendly.

**AB 1432 Requires School Districts to Provide Annual Employee Training in Child Abuse Reporting**

On September 29, 2014, Governor Brown signed Assembly Bill 1432. This new law, effective January 1, 2015, requires all school districts, county offices of education, charter schools, state special schools and Department of Education diagnostic centers to provide annual training to their employees in child abuse detection and mandatory reporting obligations under the Child Abuse and Neglect Reporting Act ("CANRA").

**CANRA requires that all “mandated reporters” file a report with local law enforcement or county welfare departments whenever in their professional capacity they have knowledge of or observe a child they reasonably suspect has been the victim of child abuse or neglect. (Penal Code § 11166.) In the education setting, “mandated reporters” include all certificated and classified employees, administrators, athletic coaches and school resources officers – basically anyone who has regular contact with children.**

Prior to AB 1432, CANRA did not require the training of mandated reporters in school districts. School districts were "strongly encouraged," but not required, to provide annual training for mandated reporters. If a school district failed to train employees, the district was simply required to report to the California Department of Education why training was not provided. (Penal Code § 11165.7(d).)

Under AB 1432, school districts and county offices of education will now be required to provide child abuse reporting training to all employees annually. Each employee must submit proof that he or she has completed the training within the first six weeks of each school year. Additionally, any new employees hired during the school year must complete the training and provide proof of completion within the first six weeks of their employment.
